Name of student who created the project: _____

Name of student who is critiquing the project: _____

Name of the project: _____

Run the program and evaluate the following:

Yes or No 1. Press the Tab key & watch the focus. Does it move around the form in a logical manner?

Yes or No 2. Is there an underlined letter on every button on the form? Is the x underlined on the Exit button? Does each button have a unique letter underlined? Press the Alt key on the keyboard if you don't see any underlined letters.

Yes or No 3. Is there a suitable Text property of the form or is it blank? Answer 'No', if it still says "Form1" in the blue title bar at the top of the form.

Yes or No 4. Is it easy to read the text on the form, labels, and buttons? Answer 'No', if it is hard to read any of the words due to poor contrast (e.g. dark blue words on a black form background).

Yes or No 5. Does the Clear button work if one was required in this assignment?

Yes or No 6. Does the Exit button work if one was required in this assignment?

Yes or No 7. Are the objects (i.e. buttons, textboxes, labels, etc.) lined up and arranged in a logical, appealing way?

Yes or No 8. Are all the words spelled correctly?

Yes or No 9. Reread the program specs on our website. Does the program satisfy ALL of the specs?

View the program's interface and evaluate the following:

Yes or No 1. Single-click each object and inspect its Name property. Is the name suitable with a proper prefix (e.g. btnExit instead of Button1)?

View the program's code and evaluate the following:

Yes or No 1. Is there a complete documentation header with your name, etc. at the top of program?

Yes or No 2. Are there blank lines between methods (i.e. after each "End Sub")?

Yes or No 3. Do all the object & variable references have correct prefixes? (txt, btn, lbl, int, dbl, etc.)

Yes or No 4. Are all empty methods (i.e. there are no Private Sub/End Sub without code in between)?

View the stapled set of papers and evaluate the following:

Yes or No 4. Are all the required papers included and stapled in the order specified in the specs?

All answers to the questions above should be 'Yes'
